

# KIWANIS FOR KIDS

We are excited to officially kick off the 2021 Kiwanis for Kids Christmas Assistance for families. As with last year we will continue to use a **digital application system** for families in need – there are no paper applications, please connect families to the two intake locations listed below. Help us spread the word to our community about how families may sign up for this year’s Christmas assistance, so we are able to reach as many as possible.
